The performance at the Teatro Massimo features artists of the highest standing: the bass Ferruccio Furlanetto is one of the most celebrated singers of the last thirty years and appears in the greatest theatres and festivals all over the world (Staastoper in Vienna, Metropolitan in New York, Salzburg Festival, the Paris Opéra); alongside him we find a young but already well-known tenor Giuseppe Filianoti, one of the most beautiful voices of his generation, and the Greek soprano Dimitra Theodossiou an artist of international calibre with great vocal and performance talents. The direction of the opera is entrusted to the experience of Giancarlo Del Monaco son of the famous tenor, who has been active in the theatre for over forty years.
